

Viraj Engineering

Our Story

Viraj Engineering Company was started in 1982 at Nashik, moved to Satara and now at present located at Khalapur, Maharashtra since April 2020. With few machines at the time of establishment, it has now grown into a full-fledged company manufacturing Fuel tanks, Oil tanks, Hydraulic Oil tanks and Sheet metal components for Automotive applications.

We are prominent manufacturers of Custom Designed Tanks for special applications, Oil Tanks and Fuel Tanks. VEC provides an integrated solution for design, development and manufacturing of the same.

Viraj Engineering Company has committed itself to manufacturing high quality products, Providing strong customer service and Delivering the same on time. We continually strive to exceed our customer's requirements and expectations. VEC is an IATF - 16949 certified company.

The company functions in a 15,000 square feet area with all the hi-tech resources necessary for a successful implementation of production activity. VEC specializes in sheet metal oil and diesel tanks that range in capacity of 3 Litres to 500 Litres.

The company houses the facility of sheet metal forming and fabrication with state of art machinery like Hydraulic press, Mechanical press, Shearing machine, Spot Welding machine, Bending machine, Programmable Plasma cutting machine, Seam welding and Special Purpose Machine along with Automated Pre-cleaning and Conveyorized Powder coating facility.

We are proud to be a part of Government's "MAKE IN INDIA" drive. VEC's tanks are 100% Indigenous. Our Major domestic customers are Wipro Infrastructure Engineering Hindupur, HYVA Pune, HYVA Mumbai, Gemini Power Hydraulics Navi Mumbai, Nandan GSE Navi Mumbai. Our export customer is AJK Belgium.
